

BATTELLE

CLIMATE CHALLENGE

REGISTER AND SUBMIT BY FEBRUARY 2, 2024, 8:59 PM PT/ 11:59 PM ET

<https://www.futureengineers.org/battelleclimate>

If you are a 9-12th grade student in the United States, your challenge is to research past and future impacts of climate-related hazards in your community, then develop a proposed action to help build a more resilient community. Your entry must be original and include:

A written explanation of your proposed climate action (200 words max)

An image (max 3GB) of a "poster" that supports your climate action

DRAFT YOUR ENTRY BELOW

Sketch your pin design in the box below

Entry Text (Maximum 150 words)
