PASTA CASTLE GUIDELINES

You may submit up to 6 photos/images (up to 3 MB each), title, and text (max 150 words) demonstrating your Pasta Castle design. Here is what we'd like to see in your entry:

- Text describing your overall design approach... or get creative and make it a fantastical story about the wonderland you've created. Its up to you how you want to communicate your castle.
- This challenge is open-ended with many possible solutions. If you are stuck, please review the Brainstorming section on the "Pasta Castle" Challenge Page for inspiration and ideas.
- At least one photo showing your castle. You are able to submit up to 6 photos, so feel free to include detail images of your most awesome features.
- As a reminder... please frame out faces. We cannot accept entries with faces. (We are referring to real faces of real people. Smiley faces. faces with coverings, or big ol sunglasses are fine.) See the challenge rules for all privacy rules related to your entry.

STAY SAFE AND HEALTHY - FOR YOURSELF AND OTHERS.
